HERE'S WHAT'S WANTED.

A Citizen of Pendleton Supplies the Information.

Over half the complaints of mankind originate with the kidneys. A slight touch of backache at first. Twinges and shooting pains in the loins follow. They must be checked, they lead to graver complications. Plasters are tried and liniments for the back.

So-called kidney cures which do not cure.

The long-looked for result seems unattainable.

If you suffer, do you want relief?

Follow the plan adopted by this Pendleton citizen:

Mrs. L. Hodson, of 717 Aura street, says: "While my kidneys have never caused me any trouble which made itself apparent in the kidneys themselves nor in the secretions, I have been bothered more or less by an aching across the small of my back, then down and through my kidneys. When I caught cold it hurt me across my loins and made me feel lame and sore. I got a box of Doan's Kidney Pills at the Brock & McComas drug store and used them. While I did not take them according to directions, being a poor hand to dose myself with medicines at all, they benefited me in every way, making my back stronger and toning up my whole system."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name--Doan's--and take no other.

STATE GOVERNORS ON OSTEOPATHY.

Governor Grant, Vermont: "Osteopathy has been tried by the leading men and women of this state, and they testify to its merits. We will give it a chance."

Gov. Briggs, North Dakota: "Osteopathy has helped me and done good in my family, and in the hands of competent persons, as this bill limits it, will hurt no one. I will sign it."

Gov. Pingree, Michigan: "Osteopathy is a science entitled to all respect and confidence as a distinct advancement in the science of medicine."

Gov. Shaw, Iowa, (secretary of the treasury): "I am fully convinced that Osteopathy is a rational and scientific system of healing."

Gov. Altgeld, Illinois: "Osteopathy came to the rescue of myself and wife and did that which other things had failed to do. Honor to those to whom honor is due."

Gov. McMillan, Tennessee: "Osteopathy is one of the greatest discoveries of modern times."

Gov. Turner, Illinois: "There is no doubt that Osteopathy will reach and cure many chronic troubles that medicine will have little effect upon."

Similar expression come from Governors Stevens of Missouri, Lee of S. Dakota; Dillingham, Vermont; Taylor, Tennessee; Beckham, Kentucky, and Smith, Vermont.

Only a sound, scientific and complete system can elicit such expression from such men. You, who lack knowledge and regard Osteopathy as "rubbing" and a "fad," are due to investigate. Call on Doctors Holmington, Despain Block, for information.
